Subject: RE: Grant Application

Hi Brona I m working on finishing my write-up for MSCC s request that ll go to next Thursday s board meeting, but I have some questions I was hoping you could help me with:

- 1) The \$100k being requested all of it would go directly to start-up/operating expenses for the PSI, correct? None of it would be for general operations for MSCC/OSC? **A portion of the grant would reflect general operations of**

MSCC insofar as the work of PSI is a joint venture between MSCC and UofM. PLEASE SEE ATTACHED MOU FOR CLARIFICATION OF THE RELATIONSHIP BETWEEN THE TWO ORGANIZATIONS.

- 2) Funding, if approved, will go to MSCC and not the U of M, correct? **Correct**
- 3) Can you tell me what the conditions are for the Plough grant mentioned? SEE ATTACHED PLOUGH GRANT AGREEMENT.
- 4) Regarding the researchers from the Dept. of Criminology and Criminal Justice and the School of Law that PSI will utilize who will they report to? **Bill Gibbons and their department chairs.** PSI WILL DRAW ON RESEARCHERS FROM THROUGHOUT THE UNIVERSITY AS WELL AS FROM OTHER LOCAL AND NATIONAL UNIVERSITIES AS APPROPRIATE. GIBBONS WILL COMMISSION THE RESEARCH AND SIGN OFF ON THE TERMS AND CONDITIONS OF EACH RESEARCH PROJECT CONDUCTED FOR PSI AND SO WILL BE ULTIMATELY ACCOUNTABLE FOR ALL WORK CONDUCTED FOR PSI.
- 5) In the application, it states that ... at the conclusion of OSC1 in 2011, major violent crime had been reduced from its baseline year of 2006 by 23%... However, when I look at the Major Violent Crime Trends line graph, it shows 2008.6 in 2006 to 1,603.9 in 2011, which is closer to a 20% decrease. I realize that's minor I just want to understand the difference. **BILL NEEDS TO ANSWER THIS AS THE GRAPHS HE PROVIDED HYDE FOUNDATION THE OTHER DAY WERE DEVELOPED BY HIM**
- 6) Are there any more percentages/statistics you can offer for changes in violent crime since the beginning of OSC2 in 2012 to now (or 2015 whatever you have numbers on)? **WE JUST NEED TO PROVIDE THE RELEVANT GRAPHS AND CHARTS THROUGH DEC 2015 FROM RICHARD I WOULD THINK.**
- 7) For the next iteration of OSC (3), that will be developed/implemented before the PSI is established, correct? If yes, is the plan to later implement/course-correct any findings of the PSI, once established, down the road as you go? **No. PSI was launched officially September 1 with the onboarding of Bill Gibbons as its director. Strategic planning for OSC3 remains underway and it is anticipated that it will launch in the late fall, 2016.** PSI WILL COMMISSION EVALUATIONS FOR EACH OF THE MAJOR INITIATIVES OF THE NEW OSC III PLAN AND WORK HAS ALREADY BEGUN ON THAT SPECIFICALLY, DURING THE OSC III PLANNING WE'RE FOCUSING ON DETAILING KEY PERFORMANCE INDICATORS FOR EACH STRATEGY AS IT TAKES SHAPE. THESE PERFORMANCE INDICATORS FORM THE BASIS FOR AN EVALUATION.
- 8) Since PSI is within the University, to whom is it accountable? The MSCC board or the University of Memphis board/administration? Is there an agreement in place between MSCC and the University? **As a joint venture of the MSCC and UofM, PSI is accountable to both the MSCC board and the Dean of the UofM College of Arts and Sciences.** SEE ATTACHED MOU.
- 9) Can you tell me a little more about who else, besides Plough, is funding both MSCC currently and the PSI? Are there any other major donors? Are there any outstanding large asks out that are still pending? MEMPHIS TOMORROW AND MANY OF OUR MAJOR CORPORATIONS ARE FUNDERS, AND WE HAVE A NUMBER OF SMALLER DONORS. THAT SAID, WE ARE BEGINNING A NEW FUNDRAISING ERA NOW THAT GIBBONS IS ON BOARD AND PLANS FOR THAT ARE LITERALLY IN THE WORKS. WE CAN PROVIDE YOU WITH MORE INFORMATION AS WE GET OUR NEW FUNDRAISING STRATEGIES KICKED OFF THIS FALL.
- 10) Can you send me a copy of the Major Violent Crime Trends for City of Memphis (2006-2015) and Major Property Crime Trends for City of Memphis (2006-2015) line graphs that were included in the packet Mr. Gibbons gave us when we met? **BILL NEEDS TO PROVIDE THESE FOR YOU.**

Is a response to the questions feasible by end-of-day today or tomorrow morning? I appreciate any help you can offer!

Warm regards,
Lauren Jenkins

Lauren, I have completed the amendment but I needed it to be reviewed because there were just one or two small questions I needed answered by someone who knows more about the new Public Safety Institute. Hopefully I will still get it to you a bit from now but otherwise it will be there tomorrow morning.

Hi Brona Since the application s already been submitted through the system, it can t be edited within the system anymore. I d suggest copying and pasting the text of the application I sent you into a Word document, make your changes there, and then email me the document once you ve got it finalized, and I ll manually update the request internally on our side. Does that work?

Today is fine to make the changes. I hope you re doing alright after your car accident! I can imagine it was pretty scary. Sorry you went through all that.

Warm regards,
Lauren Jenkins

Background and Population Detail

Please provide a brief history of your organization including your organization's vision and mission statement. Please also provide a summary of the services provided by your organization as well as a detailed, quantitative account of the population served by the organization in the last year.

The Memphis Crime Commission continues to be the lead agency for advancing a countywide plan to reduce and prevent crime in the Memphis and Shelby County. While the climate for crime prevention and reduction strategies tends to change with various federal grant opportunities, the Crime Commission's Operation: Safe Community planning efforts now represent nine years of a well-defined approach to crime reduction that advocates data driven decision making, engages numerous stakeholders and holds community partners responsible for performance outcomes.

Project Description

Please provide the following information:

- A detailed explanation of the need for the project
- The goals, objectives and work plan for your project
- The population that will be served by your proposed efforts and the anticipated impact on the targeted population
- A description of your organization's strategy for evaluating the project
- A description of your organization's past experiences and successes in relation to this project
- A project timeline
- How the funds requested from the Hyde Family Foundations will be used
- A brief review of other area organizations providing similar services and any efforts to coordinate with these organizations
- Explanation of how this project corresponds with the Foundations' program interests
- An explanation of why your organization is uniquely equipped to be successful, including a discussion of the qualifications of the organization's Executive Director, Project Manager (if different than the ED), and any other staff members assigned to the project.

Beginning with the launch of Operation: Safe Community in 2006, the work of the Crime Commission was strengthened through a contractual partnership with the University of Memphis Center for Community Criminology and Research (CCCR) led by Dr. Richard Janikowski. That partnership provided the Crime Commission with consistent, expert crime trends data and analysis, a clearinghouse of best practice information, research capacity and deep expertise in problem-solving issues of crime and delinquency. Above all, it ensured Operation: Safe Community was grounded in data and research. However, since Janikowski's retirement in 2013 and the closing of his Center, the Crime Commission has been operating with a handicap. Further, the Crime Commission on the Operation: Safe Community have never dedicated funds and intentionality -- now deemed essential by leadership-- to implement a research program to help the community better understand what's working and what isn't, and to guide our practice community in refining and improving their efforts. For example, while both the "Blue Crush" and "COP" policing programs are said to be working and are certainly data-driven, evidence-based models, we don't know enough about causal relationship of program to outcomes, or what elements of the programs are most effective.

To address the need above, the Crime Commission leadership has entered into an exciting new partnership with the University of Memphis to establish the Center for Crime, Law and Public Policy and share executive leadership between the two organizations in order to create a groundbreaking and nationally significant new "Research-Practice Partnership" in solving for crime and delinquency.

Specifically, the University of Memphis College of Arts and Sciences(which includes the School of Urban Affairs and Public Policy) has cooperated with the Memphis Shelby Crime Commission to co-found the University of Memphis Center for Crime, Law and Public Policy. The Center will draw on researchers across the University

and throughout the Memphis community and beyond to explore policies and strategies addressing crime and improving public safety.

The Center will serve as Senior Fellow in the Department of Criminology and Criminal Justice and will simultaneously serve as the President & CEO of the Memphis Shelby Crime Commission.

The Center will be funded by and operate under a contract with the Crime Commission to:

1. Identify evidence based practice and solutions, and generally bring deep expertise to problem-solving issues of crime and delinquency.
2. Publish and analyze local crime statistics and trends.
3. Organize colloquia and symposia to promote thought leadership and discussion to improve practice related to crime and public safety.
4. Help define and execute an applied research agenda tied directly to Operation: Safe Community and local community practice.

Project Goal:

The goal is to evolve the Crime Commission and U of M into a nationally recognized research practice partnership -- a "think and do tank" -- for solutions that address crime and delinquency. Immediate major actions that would be important are to 1) establish the Center, 2) bring Crime Commission practitioners together with faculty across the U of M to establish a research agenda, 3) begin execution of that research agenda.

Hi Brona,

I was just reviewing MSCC's new grant application, and I noticed that, under the Project Description section, the narrative stops after the three project goals listed but doesn't include any of the other project description items that we request in [our guidelines](#). Was that intentional? Do you want me to use the narrative as-is? Just wanting to double-check before passing along to the Program Director/Gretchen.

Thanks!
